**REMARKS**

Applicant offers the following comments in response to the Examiner's Statement of Reasons for Allowance set forth on page 2 of the Notice of Allowability dated March 28, 2005. The Examiner states that the prior art does not teach "oligomer type photopolymerization imitators." Applicants submit that the Examiner's Statement contains a typographical error and the word "imitators" in the Examiner's Statement should be "initiators."

Respectfully submitted,
